Scouts BSA welcome to The Oregon Trail! Your patrol will embark on an epic adventure, following in the footsteps of the brave pioneers who journeyed westward in search of a better life, all while pulling your wagon full of goods.

You and your patrol will face a series of thrilling challenges and stations along the trail, testing your skills, teamwork, and resourcefulness. Each station will represent a vital aspect of life on the Oregon Trail - from fire building, river crossing to hunting and cooking. You'll need to work together to overcome these challenges and make your way safely to the trail's end.

But beware, Scouts! You may encounter unforeseen obstacles on the way and could lose your hard-earned Pioneer Tokens and supplies. You'll need to be vigilant, resourceful, and quick on your feet to cross the trail.

You can earn, buy, and trade Pioneer Tokens throughout the day at the Trading Post. The more tokens you collect, your chances of winning the ultimate prize at the trail's end are better. But remember, the journey will be arduous, and you'll need to use your tokens wisely to gain advantages at each station.

Now, gather around, patrol leaders! It's time to prepare your patrol for the adventure that lies ahead. Take a moment to discuss your strategy and plan your approach to tackling the challenges you'll face. Remember, teamwork and communication are the keys to success on the Oregon Trail.

Are you ready to brave the Oregon Trail, Scouts? Let's gear up and embrace the spirit of adventure that awaits us!
Good luck and may the best patrol triumph!

REMEMBER: You will not win if you do not spend tokens. You will only win if you spend them wisely.
